

## Summer Camp Update (5/21/20):

*Calleva Summer Camp weeks 1 (June 8-12), 2 (June 15-19), and week 3 (June 22-26) have been cancelled due to the ongoing coronavirus/COVID-19 disruption.*

*Decisions about week 2 & 3 High Adventure & LIT trips will be made at a later date.*

Remaining camp weeks are still scheduled, and we are in process adapting our programming to be sure we are in compliance with public health guidance around COVID-19. We'll make decisions about the rest of summer on the following schedule:

- June 18: all July weeks, including week 4 (June 29-July 3)
- July 18: all August weeks

It's clear that 2020 summer camp will be different from past years. We are planning our contingencies based on a small group adventure model that will include changes to transportation, logistics, and group size limitations. We expect to have more details by June 1.

We know that COVID uncertainties make it difficult for families to decide what to do about camp. For this reason, **Calleva has eliminated the June 1 cancellation deadline**. Instead, we will issue all refunds this year based on our COVID Refund Policy:

**OPTION A:** Stay invested in Calleva and help sustain our year-round team through one of these options:

1. Receive a refund for camp & your \$150 registration fee becomes a credit in your Calleva account. Your credit can be used for 2021 camp registration OR for any of the following Calleva programs over the next 18 months: River School, Calleva Horse Adventures, Farm & Forest Cubs, a group experience (for adults and kids!), or any Calleva farm event. Your credit will expire on September 1, 2021. NOTE: If you wish to keep your entire 2020 camp tuition as a credit in your Calleva account, we can do that.
2. Receive a refund for camp & convert your \$150 per week non-refundable deposit to a tax-deductible donation to Calleva, a 501c3 organization. Calleva will provide a receipt for your tax purposes. Families who choose to donate at least their per-camper deposit amount will receive exclusive access to 2021 Summer Camp PRE-registration (before Returning Family Registration next year).

**OPTION B:** For some of you, Option A might not be feasible right now. In OPTION B, you will receive a refund for your full camp tuition, and Calleva will split the nonrefundable deposit with you. We will give you \$75, and the other \$75 will help Calleva cover fees & administrative expenses associated with camp registration.

We know this is a difficult time for children and parents. We are working hard to balance Calleva's financial stability as we honor your family's needs. We are preparing for camp even as we make big adjustments to our processes and plans, and we can't wait to spend time in nature with your children! Our hope is that this summer will be a great time of recovery and restoration for us all.
